project_689	Development of Patient and Public Involvement through an online database	NHS and social care partners in Leicester, Leicestershire and Rutland are committed to greater engagement and involvement of patients, the public and stakeholders in the proposed improvements to services – particularly those that are likely to result in significant changes to the way in which services are delivered.  We are seeking an experienced provider with the knowledge, experience and skills to help us to fulfil our ambition and develop an innovative online tool for engaging and involving people, which will complement our existing engagement mechanisms.	New service	Invitation to Quotation	n/a	Susan Venables	CCG Budget Holder	All members of the project group, evaluators and subject matter experts were asked to fill in and declare their conflicts of interest.	Enjoy Digital Communications Ltd 23 The Calls, Leeds, LS2 7EH	£13,175.00	£13,175.00	25/09/2019
project_692	Provision of Management of Helicobacter Pylori C13 Urea Breath Test Service - Window 2	The 13C Urea Breath test is recognized as being the non-invasive test of choice for identifying H pylori. On the basis of convenience and cost, DIABACT UBT is the 13C Urea Breath testing kit of choice. The test involves the collection of breath samples before and after the ingestion of a 13C Urea tablet. If H. pylori is present in the stomach it produces the enzyme urease, which breaks down the ingested 13C Urea to ammonia and 13CO2. The samples are sent away for laboratory analysis and a result is provided within 48 hours. The post dose breath sample will contain this 13CO2 if H. pylori is present. Analysis and test tubes for breath samples are included in the kit provided.	Existing Contract - expiry	Light Touch Regime ' AQP like process	Dr. Tony Bentley	Clive Nixon	LC CCG Governing Body	All members of the project group, evaluators and subject matter experts were asked to fill in and declare their conflicts of interest.  The clinician involved declared perceived conflicts of interest due to her association with Inclusion Healthcare CIC, Leicester, Nottinghamshire NHS Foundation Trust and Across Leicester Health Federation. But stated that none of these organisations will bid for the service and that Inclusion Healthcare is currently a member practice of Across Leicester Health Federation who may bid for this opportunity. However, the Inclusion practices intend to withdraw from the federation at the end of this financial year (March 2018) and have no relationship with the federation on this issue. This clinician helped review the service specification and was part of the evaluation team.  These conflicts were discussed, via email, with the LC CCG Head of Corporate Affairs and with the Director of Operations and Corporate Affairs. The clinician reviewed the specification and post closure of the tender the bids received were checked by ML CSU's Senior Procurement Officer and none of the above organisations bid for the service and none of the bidders declared a conflict of interest with any of these organisations either so the clinician was allowed to carry out the tender evaluation.	Hockley Farm Medical Practice LIPCO Healthcare Ltd Leicester City & University PCN Millennium Health Ltd T/A Millennium Federation St Peters Health Centre Shefa Medical Practice Across Leicester Health LTD t/a Leicester city Health Aylestone Health Centre Dr Kapur and Partner Highfield Surgery Saffron Health	n/a - providers will be paid on activity.	£500,000.00	24/09/2019
project_606	Provision of Integrated Urgent Care: Urgent Care Centres (Minor injury and Minor Illness) Service	The aim of all the services is to deliver essential, additional and enhanced services to registered patients in East Leicestershire & Rutland. project_596	Local Framework Agreement for Pathway 3 – Discharge to Assess beds	The key objective of this procurement process is to ensure that the successful service provider can meet the service specification and is able to facilitate the transfer of patients from an acute or community in-patient setting to enable assessment and reablement to be completed in a more appropriate environment.  The service is to be provided 20 reablement and discharge to assess beds for provision of a nursing level care home environment that is suitable for older people (who may have mild to severe cognitive issues in either Leicester City or Leicestershire County and will accept referrals for people who are medically stable but are not yet able to return straight home following their hospital in-patient stay. People who can return home with support directly after the hospital stay will follow Pathway 2 (Home first with reablement services).  Providers are to work with the person, family, therapists and health & social care case managers to agree an assessment and discharge plan and become part of the MDT so there is a requirement for providers to supply an office environment for therapy and case managers to work from daily alongside the care staff. ## LLR Register of Procurement Decisions and Contracts Awarded (Annex H)

project_684 (AGEM Bravo portal)	Promoting Resilience Programme for Children and Young People service for LLR	The aim of the service is to promote good emotional health and resilience for all children, young people and their families. This means commissioning and delivering a public health campaign on mental health and resilience. A key element of this will be to form partnership with education settings to develop and deliver age appropriate education on mental health problems.  The services have been reviewed and a decision taken to competitively tender these services. The Leicester, Leicestershire & Rutland (LLR) CCG's do not currently procure a Promoting Resilience service. Leicestershire County Council produced the business case for this service which will fall under the remit of the NHS and it will be funded utilising the 'Future in Mind' budget.  The specification has been created in line with the Future in Mind report and Public Health England (2015)'s key document, 'Promoting children and young people's emotional health and wellbeing, a whole school or college approach'.
